*To whom it may concern:*

*Mark Nunlist transferred his business from State Farm in Plains and has been insured in my office since September of 2000. We insured Mark's business, Nunlist Enterprises, from August 2001 through November 2003. Mark has always paid his premiums on time and had no claims during his time insured in this office. I have recommended Mark as a top builder to friends and customers for years, and continue to do so. It is a pleasure doing business with Mark and I hope to continue the relationship for many years to come. With Mark's permission, I would be happy to answer any questions I can about his history with this agency*

*Respectfully,*

*Jeff Andrews
