“Your Local Stone Professionals”

November 9, 2007

To whom it may concern:

We were introduced to Mark Nunlist of Nunlist Enterprises, Inc. through West Shore Cabinets four years ago. Mark and I are both detail-oriented people and work very well together. We have installed the granite in the custom homes he's entered in the FBA Parade of Homes the past three years and we can proudly say that through the hard work and attention to detail by all involved this year's entry received the award for “Best Kitchen – Premier Level”.

If you're looking for a contractor with a reputation of dependability, quality and timeliness, I would strongly recommend Mark Nunlist.

Respectfully,

Debbie Swartz  
Sales/Office Manager  
Garden City Granite
